

KENTUCKY BOARD OF MEDICAL IMAGING AND RADIATION THERAPY

UPDATE

MAY 2016

CONTINUING EDUCATION BIENNIUM

An individual that holds a Radiation License will renew on an annual basis; however, continuing education will be completed on a biannual basis. The individual's biennium is based on the ARRT or NMTCB biennium dates.

Limited X-ray Machine Operators have biennium dates that correspond with when they obtained licensure. For instance, if an individual received their LXMO license in 2015, that individual would have a biennium that ends in 2017. The individual would complete the required amount of CE prior to their 2017 renewal and on odd years thereafter.

OTHER NEWS:

- Online renewal window opens on the first day of the month in which you are due for renewal and closes on the last day of the month
- Licensees do not submit CE to the Board unless requested for an audit
- All licensees, except LXMOs, must maintain active status with ARRT or NMTCB
- Individuals CANNOT work without a valid license

BOARD:

Sheryl Abercrombie, RT(R)(CT), Chair
Andrea Cornuelle, RT(R), Vice Chair
Carol Scherbak, RT(T)
Cynthia Knapp, CNMT
Amy Adkins, RT(R)(CT)(MR)
